## SUMMARY

Passionate Frontend developer with a solid foundation in HTML, CSS, and JavaScript. Experienced in building creative, real-world solutions while collaborating with teams during hackathons. Actively seeking internship opportunities to apply technical skills and contribute to practical, user-focused projects in a professional environment.

## SKILLS

- HTML, CSS, JavaScript & WordPress

## EDUCATION

### Mehran University Of Engineering & Technology Jamshoro

Dec 2022- ONGOING

- B.E Software Engineering

### The Navigator Science School & College Thatta

Jan 2020 - June 2022

- Intermediate

## PROJECTS

### UniRide - Ride Sharing Website

- Designed the frontend of a ride-sharing website for students, using responsive design with Tailwind CSS. Implemented intuitive user interfaces to enable easy ride searching and sharing, enhancing campus transportation convenience. Collaborated closely with team members to ensure timely delivery during a hackathon project.

### **Rock Paper Scissors Web Game**

- Developed an interactive Rock Paper Scissors game using HTML, CSS, and JavaScript, featuring real-time score tracking, visual feedback, and an autoplay mode for continuous gameplay.

### **Portfolio Website - Website using WordPress**

- Created a custom portfolio website for a client, utilizing WordPress themes and plugins to showcase the client's work, integrate social media, and provide an easy-to-navigate user experience.
